

## **Ontario Home Care Association welcomes government's commitment to health care**

November 23, 2011 – The Ontario Speech from the Throne yesterday and Economic Statement by the Minister of Finance today send a clear message about the government's commitment to health care. The Board of Directors of the Ontario Home Care Association (OHCA) welcomes the commitment by the government to ensure a strong health care system for generations to come.

Evidence has demonstrated the potential of home care as a cost effective and care effective strategy to support the frail and vulnerable in their homes and OHCA commends efforts to reform the health care system from episodic to supportive care at home. OHCA supports strategies to facilitate the right service at the right time by the right provider. The expanded mandate of the Community Care Access Centres is vital to improving coordinated service decisions and efforts to improve and streamline 'alternate level of care' (ALC) designations in the province.

The OHCA has long advocated for a shift in health care focus to the home and community and commits to supporting strategies to realize "better value for money through improved efficiencies and greater productivity".

It is time for leadership and cooperation. OHCA will continue to offer its support and will work with partners to achieve a sustainable health system in Ontario.

### **About the OHCA**

The OHCA, *the voice of home care in Ontario*, is a membership association representing providers of quality home care services from across Ontario. OHCA members represent an estimated 25,000 staff collectively serving 300,000 Ontarians per year. OHCA works with families as integral partners in the delivery of home care services and as such estimates that 1.2 million Ontarians are impacted by members. OHCA is dedicated to promoting the growth and development of the home and community health care sector by helping to shape health care policy, supporting members to excel, and being a leading source of information on home and community care. OHCA members are accredited through Accreditation Canada, CARF, and/or registered with the International Standards Association (ISO).
