Maintenance of Certification

Attendance at this program entitles certified Canadian College of Health Service Executives members (CHE/Fellow) to 5.25 Category II credits toward their maintenance of certification requirement.

Here are some of the many great comments received from the 2011 Summit:

"The speakers were top notch in offering information/opinions/perspectives on relevant topics for health care leaders and providing lots to consider, ponder and discuss. The networking is always terrific as there is some transfer of learning in the informal discussions that occur."

"The speakers were top notch and both challenged and informed our thinking. The opportunity to have meaningful discussions with peers was invaluable."

"Most valuable was the amount of time dedicated to group work and discussion...both formal in terms of group work and informal dinners being included."

"I found this program has provided a great deal of information and food for thought that looked at a broad range of system issues."

"Networking hands down. It was great to meet other nurse leaders and to discover common challenges and discuss potential solutions."
