MEMORANDUM

Date: December 6, 2007
To: Toronto Central LHIN health service providers
From: Mohamed Dhanani, Chair
Re: **Recruitment of Chief Executive Officer**

The Toronto Central Local Health Integration Network (LHIN) is excited to make the following announcements:

CEO Recruitment

The board has retained **Knightsbridge Executive Search** to assist in the recruitment of a Chief Executive Officer. A CEO position profile is being developed and will be posted to www.knightsbridge.ca as well as to the Toronto Central LHIN web site, www.torontocentrallhin.on.ca on the Careers page.

Acting CEO Appointment

Until the recruitment process is complete, **the board is delighted to appoint Senior Director, Performance Contracts and Allocations Bill Manson as Acting CEO.** We know that Bill has worked closely with many of you since his arrival at the LHIN. We trust that you will welcome him to his new acting position and ask that you provide him with your full support.

Update on Health Service Accountability Agreement

To assist the Performance, Contracts and Allocations team, Toronto Central LHIN is pleased that Mary Kardos Burton will serve as Special Advisor. Mary will assist in the Hospital Annual Planning Submission/Hospital Service Accountability Agreement (HAPS/H-SAA) process.

Mary's most recent assignment was as Interim Vice-President of Strategic Initiatives and Community Partnerships with the United Way of Greater Toronto. She previously served as Assistant Deputy Minister for the Acute Services Division of the Ministry of Health and Long-Term Care, responsible for hospitals and emergency health services in Ontario. In her former position as Assistant Deputy Minister of the Community Health Division, she was responsible for home and community support services, community health centres and other community programs, mental health & addictions and long-term care.

The board wishes everyone a safe and happy festive season.
