

Memo/Note

COPY

On behalf of the Board of Directors, it is with mixed emotions that I announce the resignation of Sandra Golding, Executive Director of the Champlain Community Care Access Centre. After 10 years with CCACs Sandra has decided to accept the position of Vice-President, Western Region, VON Canada, which is based in her home town of Calgary and will allow her to be closer to her family.

Sandra's leadership, skill, and commitment, particularly in one of the most challenging but exciting phases of the Champlain Community Care Access Centre will be missed at all levels of the organization. Having said that, I know that I speak for the Board and staff when I say that we are pleased for Sandra as she will be going home to rejoin her parents, sister, other relatives and friends in Calgary.

Sandra's departure date is September 30, 2007 and until that time she has asked me to convey her commitment to advancing the new strategic directions for the Champlain CCAC, and to reassure you that no ground will be lost in moving forward in the positive evolution of the service we provide throughout the Champlain district. If anything, Sandra's resolve to achieve the new vision for more integrated health care, more holistic and effective services, and greater synergy among team members is stronger than ever. In this regard, she will continue to count on our staff, our partners, and our government to move towards the achievement of that vision.

The Board will be working with the MOHLTC on the recruitment strategy for Sandra's replacement over the next few months. In the meantime, I would like to take the opportunity to thank Sandra for her invaluable leadership and commitment and her continued focus and determination to see the Champlain CCAC evolve.

Sincerely,

Jacques Héту
Chair, Board of Directors
Champlain CCAC
