

On behalf of the Board of the Champlain CCAC, I'm pleased to announce that Sheila Bauer has been officially appointed to the position of Executive Director by the Ministry of Health & Long-Term Care.

This is wonderful news, as Sheila's extensive experience in the eastern Ontario health system and history with CCACs make her the ideal choice for our organization.

As some of you may know, Sheila began as Assistant Director of Client Services of the Ottawa CCAC in 2000 and emerged as a strong leader and strategic decision-maker in her role as Interim Executive Director of the amalgamated Champlain CCAC in May 2008.

Sheila holds a Master of Health Administration and a Bachelor of Science in Nursing from the University of Ottawa. In addition to her experience with the former Ottawa CCAC, Sheila managed a staff of 80 as Nurse Manager of Emergency/Ambulatory Care Services for the Riverside campus of the Ottawa Hospital.

Sheila has demonstrated both her ability to lead and her passion for advancing the unique vision of the Champlain CCAC. I am confident that with your support Sheila will play a key role in continuing our collective unwavering dedication to quality care in our region.

Both Sheila and I look forward to ongoing collaboration and through partnership we will meet the health care needs of people in our communities.

Sincerely,

Lynn Graham, Board Chair
