RE: Planned Power Outage: June 10th to 11th

The Emergency Management Unit, MOHLTC has been advised that there will be a planned power outage **beginning midnight on June 10th and ending at approximately 8 am on June 11th** that will be affecting the Central East region. The reason for the outage is to relocate hydro poles.

It is anticipated that there will be no electrical power during this period. Hydro One is undertaking it's own notification protocol; however, we are asking the Regional Office to inform all health care partners in the affected area so they are aware and can take appropriate action.

Hydro One has provided a map (attached) detailing the areas that will be affected by the outage. There is also a website where you can go to obtain more information:

If you have any questions, please feel free to contact the Emergency Management Unit at 1-866-212-2272.

Thank you for your cooperation in this matter.

Sincerely,
