

Statement of Values

Regular Members of Home Care Ontario* endorse:

- The principles of the *Canada Health Act* and confirm the values of the Canadian health care system
- The unique system of home care delivery in Ontario that is publicly funded and administered and delivery by service provider organizations, both broader public sector and private sector
- The vision of an Ontario health system that 'promotes wellness and improves health through accessible, integrated and quality services at every stage of life and as close to home as possible'
- Home Care Ontario advocacy for funding and resourcing a strong, publicly funded home care delivery system in Ontario
- The importance of driving quality and value in home care, including supporting competitive procurement where it provides the opportunity for higher quality and value
- The delivery of home care services to Ontarians by Home Care Ontario members which occurs outside the publicly funded and administered system on a third party pay basis
- The delivery of the highest standard of home and community care services
- The Commitment to the Personal Health Information Act (PHIPA) November 1, 2004
- And will abide by the Code of Conduct found in the Home Care Ontario By-Laws (May 2014)
